Discover Innovation at the 2017 Green Living Show

TORONTO, Ontario. — At this year's Green Living Show, taking place April 7th - 9th at the Metro Toronto Convention Centre in downtown Toronto, you'll find some truly ingenious products that combine innovation and sustainability. For our 11th year, we've selected the top 11 innovative products from this year's Show:

1

Crazy D's All Natural Soda
by Crazy D's All-Natural Soda Labs
(Food & Beverage)

Soda without the guilt! Crazy D's All-Natural Soda, a fizzy beverage hand-crafted in Toronto, uses the science of nature's prebiotic root vegetables instead of sugar to achieve a hint of sweetness. Crazy D's sodas are available in three flavours: Ginga' Kick, Thrilla In Vanilla, and Rockin' Rolla Cherry Cola.

2

Yoga Leggings
by Inner Fire (Beauty)

Besides offering all of the qualities of standard yoga leggings — such as moisture wicking, breathability, quick drying and a wide waistband that stays put — these leggings are handmade in Vancouver, BC. Made from BPA-free recycled water bottles!

3

LIFT Bike
by Revelo (Transportation)

Revelo's LIFT (Light Instant Folding Transport) is a Canadian-designed folding bike that collapses in 5 seconds and rolls easily once folded. It features an integrated USB power pack, available anti-lock braking and a proprietary handlebar system. LIFT is among the lightest, most portable folding bikes and is the most compelling commuting tool when combined with other modes of travel such as car or mass transit.

Stainless Steel Containers
by Dalcini Stainless (Home & Garden)

Dalcini Stainless Steel Containers are made from high-quality stainless steel, the kind used in hospitals and commercial kitchens around the world for nearly 200 years. All products are carefully designed with no interior seams, no tight corners, and no complicated lips, seals or clasps (where harmful bacteria often get trapped). They are 100% plastic free (including lids, seals, straws) and best of all, they are 100% dishwasher safe.

5

20/20 Armor
by 20/20 Armor (Health & Wellness)

These electronic taekwondo chest protectors bring a video game to life. Created by a team of Olympic taekwondo experts and modern hardware and software engineers, these vests boast a practical and simple way to understand the scoring method, which encourages kids to learn and stick with the sport. And it makes it easier for fans to follow and enjoy. The vests also provide real-time feedback to athletes and coaches to help improve performance.

6

Healthy Dog Treats
by Wilder & Harrier (Pet Care)

These dog treats are made from whole crickets that are dried up and ground into a fine powder. Raising crickets requires about 12 times less resources than the production of beef, mostly in terms of water and feed, making these cricket-based dog treats incredibly sustainable. Known as cricket flour, this powder is a superfood, full of important nutrients like Omega-3, which are hard to find in most animal protein.

Vegan Cashew Cheese

by Fauxmagerie Zengarry (Food)

Fauxmagerie Zengarry offers a line of all-natural, dairy-free, cashew-based cheeses. Made in Glengarry, Ontario, these cheeses feature fresh ingredients and are never heated above 100 degrees F to maintain and protect naturally occurring vital enzymes that aid in digestion. Glengarry also lacto-ferments the cheeses to culture probiotics that aid in digestion and help maintain a healthy intestinal micro-flora.

The Nutritower

by Nutritower (Home & Garden)

Imagine enjoying food that's never travelled further than from your kitchen to your plate. The Nutritower is a revolutionary new appliance that lets you grow fresh produce in the comfort of your own home. With its vertical design, its integrated lighting and its top-of-the-line technology, you'll be growing food year round.

The Black Out Bulb

by STRAND Energy (Home & Garden)

The Black Out Bulb (Safety BOB) is a CSA approved energy-saving LED that uses its built-in, rechargeable battery, during a power outage. This bulb works just like a regular light bulb but it takes no special effort to install, and has an amazing average lifespan of 50,000 hours! It will fit any regular socket, and with the options of soft or bright lighting, in 7 or 9 watts, you still get the same opportunities for creating a mood in your home that you would with conventional bulbs.
